Superintendent's M E S S A G E

PUPILS OF GANADO HIGH SCHOOL:

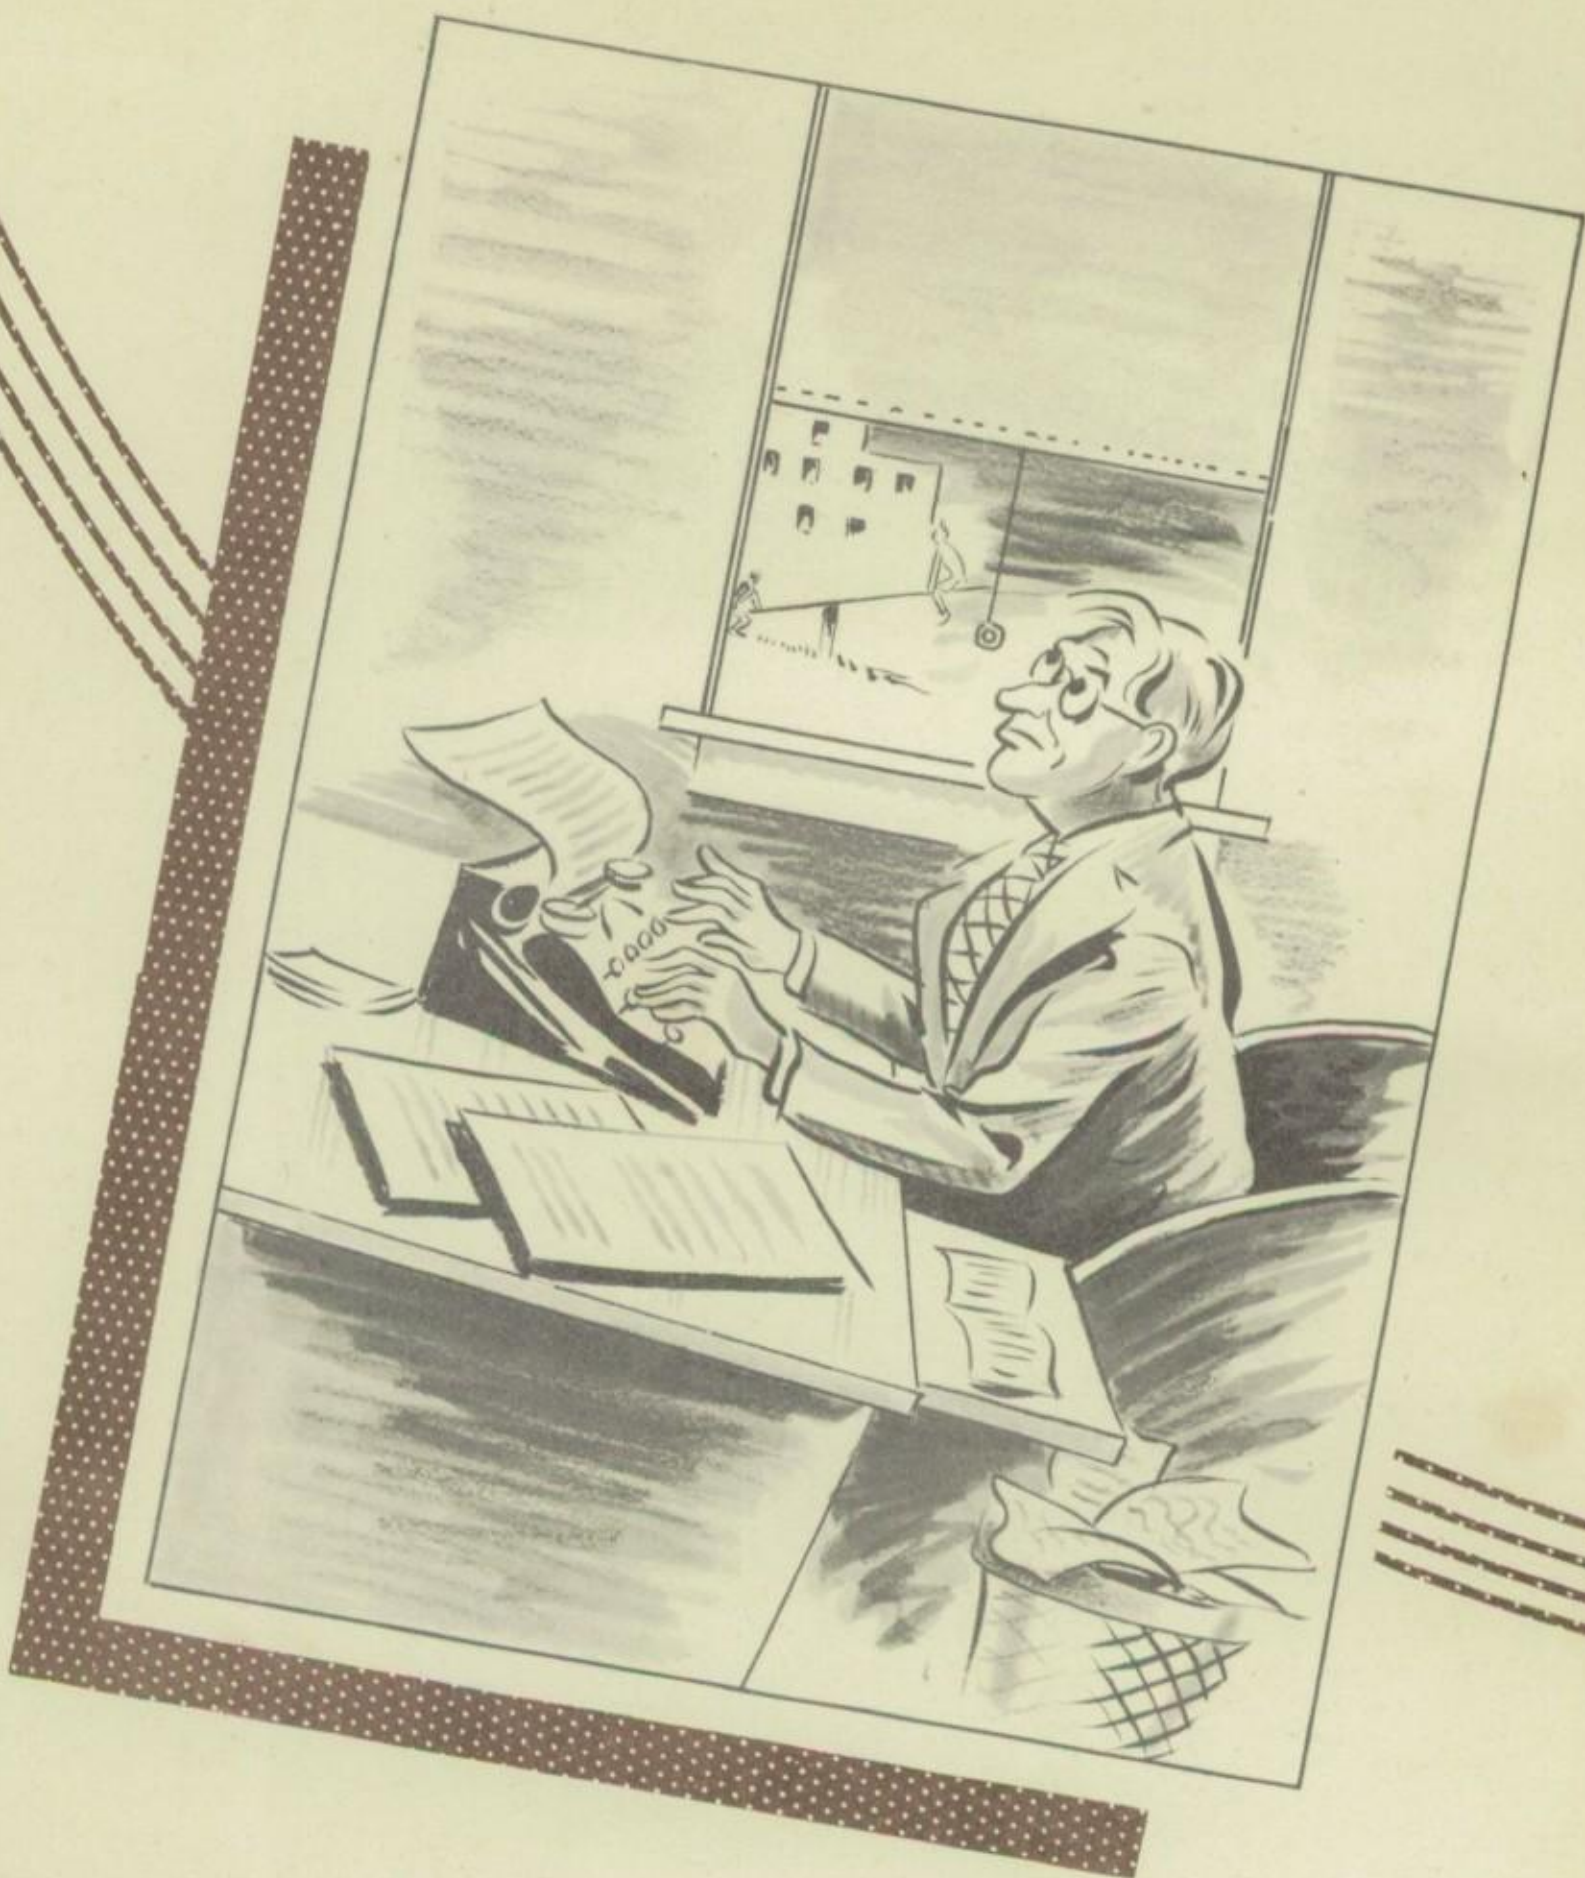

Going to school is a privilege. However, to some pupils it is work accompanied by drudgery. The preparation of daily lesson assignments, no doubt, requires time and effort, and every pupil must put aside many pleasures in order to do his school work well. One who works all the time makes work drudgery. On the other hand, school attendance must be regarded in the light of learning lessons of self-control and the mastery of certain skills which are needed for success in after-school years.

Many boys and girls all over the world are denied the advantages of good schools. Among these young folk are those who would be grateful for the guarantee of four years of training at the small cost you are receiving your education.

Since many of you will end your formal education upon graduation from high school, or even before that time, you are urged to take advantage of every day's opportunity for self-improvement as the day presents itself.

Sincerely yours,

C. G. Masterson, Supt.

Senior Class HISTORY

In this, the Graduating Class of 1947, there are twenty-four students.

Among these twenty-four, there are twelve who, under the supervision of Mrs. Hershel Lambert, started out together in the first grade eleven long years ago. These are: Dan Janica, Jimmy Chytka, Innocence Hajovsky, Dorothy Husak, Louis Vatocha, Johnny Padilla, Josephine Trecka, Ray Beth Fowler, Gene Ratliff, Joe Tristan, Allen Pratkan, and Isador Tristan.

The next year there was no addition to the class. We were instructed by Mrs. Emilia Jordan who gave us our start in Arithmetic.

Andrew Calaway, coming from Crescent, entered the third grade with us and was soon followed by Helen Goff who had previously attended school in Port Lavaca. Mrs. Head was over us that year, really showing us the path in theme writing.

The following year, all were made joyous on the entering of Marilyn "Shorty" Cook. Miss Anna Ross was our teacher that happy year.

The whole class was very disappointed the next year when not a soul entered our class. Miss Daisy Janica, now Mrs. James Strauss, made up for most of the disappointment however by showing us a good time and also keeping us busy.

The next year, under the direction of Mrs. Leonard Ross, the class was made happy, or whatever you wish to say, on the entering of two more girls. These two were Dorothy Hicks and Adah Mae "Poochie" Swank.

The next year showed an even record with one boy (at last) entering and the departing of a lass (no comment); The boy being Wesley Yoas and the girl Adah Mae. This year, since it was our last in Grammar School, kept our able sponsor, Miss Nell Harwood, very busy. Miss Harwood, with the help of Mrs. Frueh, planned the exercises for our graduation into High School very splendidly.

Our misery the next year, as Fish, was brightened when Jerry Williams (formerly from Austin) and Elgin Vyvial were welcomed into the class. Mrs. C.D. Winstead was our sponsor.

The next year, under the sponsorship of Mrs. Cochran Drake, two girls entered. It proved that girls still existed, and also that we could not get rid of one; namely, Adah Mae Swank. The new girl was blonde Georgia Wells.

Ah! Another boy. Alois Peters showed up in the eleventh, giving the boys a nice lead in number. Mrs. Adair Nelson was the class sponsor.

Now entering our Senior year, the class, sponsored by Mrs. Creighton Wood and Mrs. Russel Whitmire, welcomed two more pupils into the class: Gerry Weaver and Willie Novak. These were the last additions to our class.

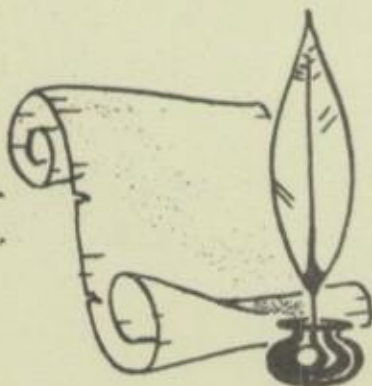

On the morning of September 17, the Seniors were bursting with excitement. The Senior rings had arrived. We were very glad to get them early in the year so they could be worn throughout the entire year. This being our last year, we are very proud of the rings because they will always be a reminder of the times in Ganado High.

According to custom, we Seniors took over the selling of refreshments at the football games which netted us quite a tidy sum for the Senior Trip, a trip we will remember as the highlight of the year we enjoyed most in our high school career.

On March 31, the Senior Class sponsored an act put on by Montague, the magician, and his assistant. The act turned out very well and furnished a lot of fun and laughs to a great number of people.

The Senior Play, due to the fine coaching of Mrs. Wood and Mrs. Whitmire, turned out to be a great success.

Now as we have looked back on our years at Ganado High we are proud of the standard that we have upheld. We pass this standard, with the assurance that it will be upheld with the utmost care, to the Senior Class of 1948.

Senior PROPHECY

Let us gaze ten years into the future upon the little village of Seniors, '47. As we get off the train at the station, there is none other than that slap-happy *Andrew Calaway*. He is now a railroad engineer. Pausing to talk to him a few minutes, we are told that he has just received a letter from *Ray Beth*, now the *Mrs. Louis Matocha* of Hollywood, saying that she talked to *Dorothy Husak*, the personal secretary of *Jimmy Chytka*, a famous movie producer. We understand that these two see quite a lot of each other after business hours.

Why, if I'm not mistaken, there is *Alois*, *Mr. Peters* to you, the Justice of Peace, marrying that gay and giddy couple *Marilyn Cook* and *Dan Janica*. Why ten years ago who would have ever dreamed that these kids would have made that very important step together? But then anything is possible with the Seniors of '47.

As we stroll on down the streets, there is *Dr. J.L. Williams* hanging up his shingle beginning his practice of medicine. By the way, he is still waiting on that girl from T.S.C.W. It seems that the high school superintendent, *Gene Ratliff*, was very happy in starting this year of teaching in, at last, the new school. Of course, you knew that *Wesley Yoas* was the grade school principal and *Innocence Hajovsky* is the coach? Which reminds me that *Joe Tristan* and *Johnnie Padilla*, co-owners of the bakery, tell us that *Isidore Tristan* is playing professional football in the East.

As *Professor Ratliff*, still a bachelor, shows us through the new school building, whom do we run into except *Helen Goff*, that is, *Mrs. Dierschke*, bringing one of her three children, *Walter Jr.*, to school. She tells us that *Elgin Vyvial*, the town's druggist, talked to *Josephine Trcka* in nurses training in San Antonio, over the phone, and she said she was coming home for the party planned in *Gerry Weaver's* honor. *Ada Mae Swank*, one of the leading laboratory technicians in Humble Office at Houston also plans on coming home for this great reunion of the Seniors of '47. *Gerry Weaver*, in whose honor the party is being given, has just returned from a tour after playing her violin in concerts all over France. The party is to be in El Campo at the home of *Mrs. Glaze*, formerly *Dorothy Hicks*. Her private secretary, *Miss Georgia Wells*, is planning the party. It's none of our business, of course, but we understand that she and *Allen Pratkan* plan on announcing their engagement at the party. *Willie Novak*, a prosperous farmer, plans on attending the party, also.

Facing a tough schedule with an inexperienced squad, the Ganado Indians found themselves on the short end of the scores, only after hard fought games. The team was one of the fightingest in the district and forced their opponents to fight for every yard.

The team was under the capable coaching of A. H. Cheek, a graduate of Texas Tech.

Three Indians earned *ALL-DISTRICT HONORS*. They were Isidor Tristan, *Back*; Jimmy Chytka, *Guard*; and Andrew Calaway, *Tackle*.

Co-Captains for 1946 were: Andrew Calaway and Jerry Williams.

A host of lettermen will be back next year and prospects are indeed brighter.

Treasured Memories

Your yearbook is a store of treasured memories. The oft repeated thrill of recollection which accompanies each new search through its pages will many times repay you for the care and consideration which has gone into its creation.

We are proud of the part we have had in the production of this book. It indicates the wealth of ideas and ability which have made possible the long record of our school annual achievement.
